Mineral and Vitamin Premix for Dairy Cows

High Performance Formula

Rumen Protected Nutrients

Organic Selenium and Probiotics

Description

SUNEX Dairy Premix is formulated to supplement the vitamin and mineral requirements of lactating dairy cows.

It is very important to deliver the vital nutrients in Rumen protected methods, otherwise vital nutrients may be destroyed in Rumen.

SUNEX premix has all important nutrients required by milking cows and delivered with specially developed coating technology, where all nutrients are protected in rumen and released in intestine for absorption. This makes SUNEX premix exceptionally performing, with increased milk production, increased fat & SNF, fetching more profit to farmers.

SUNEX Premix Provides:

Vitamin A, Vitamin D3, Vitamin E, Calcium, Phosphorus, Cobalt (Co), Copper (Cu), Iodine (I), Manganese (Mn), Selenium (Se), Zinc (Zn), Magnesium (Mg), Probiotics, Rumen Buffers.

SUNEX Premix is presented in fine granular form with pleasant aroma and taste.

Usage:

In compound feed: 2.5 kg per MT

Cows:

Depending upon milk yield: 50-100 gms

Consult your dairy nutritionists for usage

Packing: 10 kg
